The closing date for receipt of queries is 21st August 2013. Queries should be in question format and submitted by email only. Responses to queries will be published on the designated website in order to ensure that no party has an unfair advantage over any other. For the purpose of circulating responses, queries may be edited to avoid disclosing the identity of the party submitting it.

**Sufficiency & Accuracy of Tender**
Tenderers will be deemed to have examined all the documents enclosed and by their own independent observations and enquiries will be held to have fully informed themselves as to the nature and extent of the requirements of the tender.

Tenderers are cautioned to check the accuracy of their tender prior to submission. A tender found to contain any arithmetical errors will be corrected and referred back to the tenderer for confirmation and acceptance.

While tenderers are requested to ensure they have included all of the information requested as part of this tender, excess documentation impedes the evaluation process and should not be submitted.

**Tender Documents - Ambiguity, Discrepancy, Error, Omission**
Tenderers shall immediately notify the Contracting Authority should they become aware of any ambiguity, discrepancy, error or omission in the Tender Documents. The Contracting Authority will, upon receipt of such notification, issue a clarification in respect of any such ambiguity, discrepancy, error or omission. Such clarification shall then form part of the Tender Documents.

**Extension of Tender Period**
The Contracting Authority reserves the right, at its sole discretion, to extend the closing date for receipt of tenders by publishing the new deadline date on the website. This must be done before the original closing date.

**Modifications to Tenders prior to the Closing Date for Receipt**

Any modifications received after the closing time for receipt of tenders will not be considered.

**Form of Tender**
Tenderers are required to complete, sign and return the Form of Tender set out in Appendix 2, and Breakdown of Costs in Appendix 3. Failure to sign the Form of Tender, or to complete it in the required format, will result in rejection of the tender.

**Cost of Preparation of Tender**
The Contracting Authority will not be liable for any costs, charges or expenses incurred by tenderers in the preparation of proposals or any associated efforts. It is the responsibility of the tenderer to ensure
that they are fully aware and understand the requirements as laid down in this document. Tenderers will be responsible for any costs incurred by them in the event of their being required to attend clarification or other meetings or make a presentation of their proposals.

**Tender Validity Period**
To allow sufficient time for tender assessment, a tender validity period of 90 days is required, during which all elements of the offer contained in the tender shall remain open for acceptance by the Contracting Authority. The tender validity period commences on the date by which the tenders are to be returned (tender submission deadline).

**Currency**
The currency and invoices in which all prices and rates shall be tendered, and which payments under the contract will be paid, shall be XCD (Eastern Caribbean Dollars).

Tenderers are required to treat the details of all documents supplied in connection with the tender process as private and confidential.

**Applicable Law**
This tender process will be governed by the Laws of Montserrat.

**Clarification of Tenders**
To assist in the examination and comparison of tenders, the Contracting Authority may ask tenderers for clarification of their bids, including breakdown of unit prices. No change in the price or substance of any tender shall be sought, offered or permitted.

**Correction of Errors**
Detailed pricing of all tenders will be examined for errors that might alter the tender pricing as determined from the figures on the tender form. In general, the following approach will be applied to manifest errors:

(a) Where there is a discrepancy between amounts in figures and words the amount in words shall apply.
(b) Where there is a discrepancy between the unit price and the total amount derived from the multiplication of the unit price and the quantity, the unit price as quoted will normally govern unless, in the opinion of the Contracting Authority, there is a gross mathematical error in the unit price, in which event the total amount as quoted will govern.

The amount stated in the tender form will be adjusted by the Contracting Authority in accordance with the above procedure and, with the agreement of the tenderer, shall be considered as binding upon the tenderer. Without prejudice to the above, a tenderer not accepting the correction of their tender as outlined will have their tender rejected.

**Change in the Composition of a Tender**
The Contracting Authority will disqualify any tenderer that makes any change to its composition after submission of a tender.
Interference and Inducement to Purchase
Any tenderer attempting to unduly influence the Contracting Authority or any other relevant persons or bodies in the process of examination, clarification, evaluation and comparison of tenders and in decisions concerning the award of contract shall have their tender rejected.

Notification of Outcome
All tenderers will be informed of the outcome of their proposals following tender evaluation and any necessary clarifications. Potential outcomes can be:

   a) Letter of award of contract.
   b) Letter of Regret.

Award of Contract
Following determination of a successful tenderer, an award of contract notice will be despatched to the successful tenderer. All other tenderers who participated in the process will be sent a letter stating that they were unsuccessful.

Payment
Payment of monies for the performance of the contract will be made in XCD or Eastern Caribbean currency.

Cancellation of Tender Process
Please note that the Contracting Authority is not obliged to award any contract on foot of this procedure. The Contracting Authority reserves the right to cancel the procedure at any time, including where funding for the project or approval of the competent authorities is not forthcoming.
