

## Clarification Questions and Responses

**Project Title: Development of a National Curriculum for Montserrat.**

Date: 07/11/2019

Clarification Question	Government of Montserrat Response
<p>1. To assist us in the proposal development process we would like to be provided access to Montserrat's most recent student performance data and other relevant education system information that will be helpful in producing a well-informed proposal.</p>	<p>The Scope of works has sufficient information to enable potential bidders to complete a Submission.</p>
<p>2. Additionally, we seek confirmation that the Montserrat core national curriculum is expected to consist of the 5 subjects listed in the RFP namely, English Language, Mathematics, Science, Social Studies and Health and Family Life Education.</p>	<p>The National Curriculum should consist of the 5 core areas outlined below. English, Mathematics, Science, Social Studies and Health &amp; Family Life.</p> <p>According to the scope of works, the purpose of the desktop review is to provide a framework to collect relevant data that the successful bidder will need to conduct the initial phase of the review.</p>
